

2024-2025 ANNUAL REPORT

"Educating the construction industry today...and tomorrow"

www.nef-edu.org

NEF

NAWIC Education Foundation

HISTORY

The NAWIC Education Foundation was established in 1972 by the National Association of Women in Construction (NAWIC). NEF is an IRS 501 (c)(3) non-profit organization and is governed by a Board of Trustees.

CORE PURPOSE

NEF provides education opportunities and programs to benefit and promote the construction industry, “Educating the construction industry today...and tomorrow”

CORE VALUES

The Board adopts these Core Values as aspirational yet integral to fulfilling the Core Purpose.

- Quality: Delivering innovative education programs exceeding the expectations of the construction community
- Value: Investing in the growth of the construction industry through education
- Integrity: Setting the standard without compromise

Block Kids

The Block Kids Building Program is a national building competition for children in kindergarten through 6th grade that introduces them to construction careers. Participation in the Block Kids program may be sponsored by a NAWIC chapter or individual sponsor.

Participants are asked to create something construction-related without adult help or guidance using approved materials.

Design Drafting

The Design Drafting Competition is a contest designed to expose High School and College-level students to design drawing and the construction industry. The contest recognizes students for creative design, successful problem-solving, and craftsmanship in preparing architectural drawings. Entries are evaluated for detail, accuracy, and originality of work. The objectives of the contest are to introduce the student to the construction industry in a positive and challenging manner while fostering a sense of self-worth and building confidence. Mentoring programs between students and educators are also encouraged.
